LANIKAI OASIS Secretly nestled at the start of Lanikai, this architectural accomplishment sits amidst a canopy of tropical treetops. The main living level greets you with vaulted ceilings and walls made of doors and windows that disappear so you feel as if you are in a treehouse. A stately office & powder room join this main level along with a formal dining room, eat-in kitchen, & spacious living room w/2 covered lanais. A spiral staircase leads to a rooftop deck with views of the ocean. Another staircase leads down to a pool & spa w/waterfalls in the jungle. Downstairs, 3/2 + 2-car garage. Primary suite offers a walk-in closet & French doors to a private lanai. Every room connects to covered wrap-around lanai, even the bathrooms. Amidst the mature landscape, a grassy open area for kids and pets to play. This home was made to breathe with clerestory windows both indoors and out, leaving you feeling more connected to the land and nature. Many custom details and quality materials were used to create this timeless Hawaii estate. Just 1 block to the nearest beach entrance, 1 block to Mid Bay, and 2 blocks to both Lanikai & Kailua Beach.
